

Comfortmaker® Packaged Heating & Cooling Systems

**Performance Series
PAJ4/PHJ4**

BUILT WITH STRENGTH

When you choose Comfortmaker heating & cooling equipment, it means your home comfort is backed by 100 years of superior engineering and quality manufacturing. Each unit is 100% run tested, and we design our products to give you the best in quality, energy efficiency and reliability. It's our tradition to deliver products that exceed your expectations.

BACKED BY EXCEPTIONAL WARRANTIES

Every Comfortmaker product is backed by an up to 10-year parts and compressor limited warranty* so you'll have peace of mind.

Timely registration required. See warranty certificate for details and restrictions.

*To the original owner, when product is used in a residential application, a 10-year parts limited warranty upon timely registration of your new equipment. Warranty period is five years if not registered within 90 days. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate for complete details.

WHAT IS A PACKAGED SYSTEM?

Comfortmaker packaged all-in-one units are designed for the best durability and comfort. The units stay enclosed outside or on roofs and come in a variety of combinations: dual-fuel gas furnace/heat pump, gas furnace/air conditioner, electric heat pump and electric air conditioner.

WHAT MATTERS IN A PACKAGED SYSTEM?

Get the most out of a packaged system by choosing the product that fits your comfort needs. All of our packaged products feature comfort-enhancing and durable features to deliver lasting performance. For greater efficiency in a unit, look for two-stage heating or cooling operation. Our toughest units feature wire hail guard grilles, tin-plated copper evaporator coil tubing, and stainless steel heat exchangers (in gas heating units). And our No Hassle Replacement™ limited warranty is offered on our premium products to give you peace of mind. Comfortmaker packaged units offer money savings, increased comfort, durable performance and quiet operation.

PAJ4 Performance Series Air Conditioner

WHAT SETS COMFORTMAKER PACKAGED UNITS APART?

1. Quality tin-coated copper evaporator coils with TXV for proper flow of refrigerant.
2. High- and low-pressure switches to protect system.
3. ECM indoor blower motor provides efficient airflow.
4. Rugged pre-painted steel cabinet with louver panels to protect the coil.

SEER vs. Cooling Cost Savings

Percentage based on national averages at 10 SEER; may vary according to efficiency of current unit and installation.

PAJ4 Performance 14 Packaged Air Conditioner

- Up to 14.5 SEER/11.5 EER cooling efficiency
- Sized smaller for narrow lot installations
- Efficient single-stage cooling
- Tin-coated copper evaporator coil and aluminum tube/aluminum fin condenser coil
- 10-Year Parts Limited Warranty

PHJ4 Performance 14 Packaged Heat Pump

- Up to 14.5 SEER/11.5 EER cooling efficiency
- 8.0 HSPF heating efficiency
- Sized smaller for narrow lot installations
- Efficient single-stage cooling and heating
- Tin-coated copper evaporator coil and copper/aluminum condenser coil
- 10-Year Parts Limited Warranty

All systems tested and listed by the appropriate agencies.
